## BOOK SYNOPSIS

The MANipulator Manual: Keep Your Man Interested and Begging for More Without Playing Games Let me start off by explaining I am in no way talking about the sexual act. F\*ck him in this case is not physical, its mental. So many women get in trouble in their love lives, and 99.9 percent of that trouble could have been avoided if theyd said, "Well, f\*ck him!" a bit more often. Too many women are way too nice and compliant to their men, especially when these men dont deserve that kind of treatment. And yet, every woman Ive ever met tries to not be needy or wear her heart on her sleeve. She simply wants to protect her feelings. Nevertheless, most women Ive coached have had men seem very interested only to disappear suddenly. These women are left standing in the dark. Once the guy vanishes, they often find out its easier to get the President of the United States on the phone than the man who seemingly really liked them...just not enough to stick around. This should stop. I, as a dating coach and author of books for women who want to get men, cannot take it anymore. You deserve better. This is not your fault. Its his! He needs to learn to be much more transparent and upfront. That said, we both know most men wont change. We can lead a horse to water, but we cant make it drink. Or can we? What if there was a way to change a guys behavior? What if you could get into his head and take over the drivers wheel? What if you could make him do more of the things that you appreciate and need and less of the bad behaviors you dislike? At first, this might seem impossible. Nevertheless, Im sure youve already met women who are good at manipulating their men. Enter the high-value woman. You know her. Youve seen her. Shes the woman who always has great men drooling over her. Its the woman you see getting all the attention. You often wonder, "How does she do it? What do they see in her? What does she know that I dont?" You might have even complained to your girlfriends that men just dont seem to notice what a catch you are. Your girlfriends may have even said, "He doesnt know what hes missing." What if you could make him see it? When you look at these high-value women who get their way with men, it might have surprised you that their looks dont seem to matter. The high-value woman can be great looking, average looking, or even bad looking. It doesnt matter. She knows her way around men. She knows how to mentally f\*ck them. Are you ready to implement her strategies? Youll see behavior youve never seen from him. Hell start to put in an effort that makes you feel like youre a queen because to him, you are. At first, it will be strange. If youve never truly been in control of a man, it might feel like riding a horse for the first time. But soon, it will make you feel all tingly inside. Im not kidding. Theres nothing more powerful than being in a relationship with a guy and having him do exactly what you want while he thinks it was his idea. (This is important, as youll see. He needs to think he is the one in the drivers seat, even though you actually are.) This book is not about becoming someone youre not or turning your boyfriend into a spineless manslave. Its about your empowerment, about taking back whats yours. No man should ever be able to play games with you, to take you for granted, to treat you even a tiny bit less than you deserve. By the time youve finished this book, this will all be part of your past. Are you ready? Then hit the buy button at the top of this page and start your high value woman journey right away!
