## **BOOK SYNOPSIS**

In Spilled Words, the newest addition to Cici. Bs growing list of raw and profound written works, she delivers a filterless snapshot of her love, pain, growth and resolve. Her trademark wittiness seamlessly blends with a familiar approach yet entirely new format to her writing. It is a story unlike any other in that it is made up entirely of quotes, but still somehow paints a beautiful and complete picture. If actions speak louder than words, her latest piece shows that she not only lives and breathes her words, she bleeds them, and spills them unapologetically onto the page.
